WORD TO THE BODY

THE ULTIMATE PATH TO SUCCESS

Are you ever tempted to think success means "going it alone?" In order to be successful, you have to make bold decisions, forge your own path, and rely on your own experiences... right? Scripture may help you rethink that approach. Proverbs 15:22 says, *"Without counsel plans fail, but with many advisers they succeed."* So there are two options: one of complete self-reliance, where plans might not work out the way you'd hoped. Or a path of humble wisdom, where godly counsel shapes success. Our understanding is limited (Proverbs 3:5-6), but when we seek counsel from those who are rooted in biblical truth, we gain clarity, avoid pitfalls, and align our plans with God's greater purpose. Walking with godly counsel is the ultimate path to success. Are you facing a major decision? Don't chase the world's version of success. Seek trusted, godly advisers who will point you toward the only success that truly matters—living in obedience to God. (Used with permission—Rob West, FaithFi.com)
